

E&B Hermosa Beach Proposed Oil Project

- Nine Significant Unavoidable Environmental Impacts Summary

Aesthetics:

- 1** – views of the drilling/workover rig
- 2** – night lighting of the rig

Air Quality:

- 3** – odors

Biology:

- 4** – oil spills into the marine environment

Hydrology:

- 5** – oil spills into the marine environment

Land Use:

- 6** – incompatibility to adjacent uses

Noise:

- 7** – noise impacts during construction

Recreation:

- 8** – oil spill impacts on recreational areas

Safety and Risk of Upset:

- 9** – risks from drilling

Table ES.2 Proposed Oil Project - Significant Unavoidable Impacts Summary

Impact		Significant Unavoidable Impact?	
		Construction, Drilling, Re-drilling	Operations
Aesthetics:	views of the drilling/workover rig	Yes	Yes/No*
	night lighting of the rig	Yes	No
Air Quality: odors		Yes	Yes
Biology: oil spills into the marine environment		Yes	Yes
Cultural		No	No
Energy		No	No
Environmental Justice		No	No
Fire Protection and Emergency Response		No	No
Geology		No	No
Hydrology: oil spills into the marine environment		Yes	Yes
Land use: incompatibility to adjacent uses		Yes	Yes
Noise:	noise impacts during drilling	No	No
	noise impacts during construction	Yes	No
Public Services		No	No
Recreation: oil spill impacts on recreational areas		Yes	Yes
Safety and Risk of Upset: risks from drilling		Yes	No
Transportation		No	No
Number of Significant and Unavoidable Impacts		9	6/5*

Notes: a Yes with shading = significant impact that cannot be mitigated to less than significant. Impacts classified as less than significant or less than significant with mitigation are discussed within the main EIR document. *During Workovers significant unavoidable impacts would occur for aesthetics up to 90 days per year.
